

LEADPEC

Connecting talents

ABOUT US

LEADPEC is a global leader in Recruitment, Talent Sourcing and Executive Search, providing comprehensive manpower solutions including permanent, temporary, short-term, secondment, and remote hiring. With operations spanning the GCC, Europe, North America, Asia, Oceania, and Africa, we are the preferred recruitment partner for a wide range of prestigious clients in both the public and private sectors. We have established ourselves as a trusted Talent Acquisition partner, delivering customized solutions that align with each client's strategic objectives. Our expertise covers diverse industries, enabling us to identify, attract, and retain premium talent that drives organizational performance. Through our Executive Search services, we connect clients with senior-level professionals who bring the leadership, experience, and vision necessary to achieve sustainable growth.

At LEADPEC, we combine global insight with local expertise. Our team of seasoned professionals possesses an in-depth understanding of evolving market dynamics, ensuring our clients benefit from agile, informed, and effective recruitment strategies. Supported by a strong international network, strategic regional alliances, and partnerships with leading job portals, we provide value-driven recruitment services that consistently meet and exceed expectations. Our success is rooted in quality, innovation, and commitment. We employ state-of-the-art systems, rigorous processes, and integrated technologies to ensure efficiency and precision — even in high-volume recruitment scenarios. This dedication to excellence has earned LEADPEC a solid reputation for reliability and timely delivery across all engagements.

We take pride in building long-term relationships with clients and candidates alike, fostering mutual trust and success. By understanding your organizational goals, culture, and values, we deliver talent that not only meets your technical requirements but also integrates seamlessly into your team. At LEADPEC, our mission is clear — to empower organizations through exceptional talent. By partnering with us, you gain access to global reach, industry expertise, and a steadfast commitment to quality that transforms your talent acquisition process and strengthens your competitive edge.

MISSION

To create a career centric environment that stimulates and inspire
Focus on Change, growth, to empower talents for rapidly evolving world
Redefine recruitment with a commitment to quality, integrity, and impact.

VISION

Raising the bar in talent discovery, serving with purpose, shaping a vibrant world

Our Commitment

Responsible systems and processes for best results.

Always improving by listening to our customers.

Transparency in costs.

Our Team

An accumulated two decades of collective expertise to cater for various landmark and prestigious projects across globally for reputed clients. Thought leaders and experts within our market disciplines – our team's deep-rooted project experience means we can quickly access fast-moving markets and our talented consultants and back office support teams work together to achieve your business goals. Our phenomenal success is due to our professional approach, delivery of expert solutions, attention to detail consideration of staff welfare and work ethos.

The strength of our team lies in our thorough awareness of the international market and the ability to pinpoint specific trends and use that knowledge to ensure success for our clients and candidates. We are also a family – our ambitious and driven teams work collaboratively across LEADPEC with one shared business vision – to raise the bar for talent search to build a better future.

Accelerate Connections:

We connect talent and opportunity to drive the future of work with excellence and precision.

Make Things Happen:

We turn ambition into action, solving challenges with expertise, speed, and systematic excellence.

One Team, One Mission:

We grow, innovate, and succeed together, empowering people and organizations to thrive.

Integrity in Action:

We lead with honesty, transparency, and purpose in every decision.

Innovate Relentlessly:

We embrace bold ideas, build scalable systems, and redefine what's possible in careers and recruitment.

Impact Beyond Placement:

We measure success by the lives we transform, the industries we empower, and the excellence of every connection we create.

VALUES AND COMMITMENT

01

EXECUTIVE SEARCH

Connect organizations with visionary Leaders Who Drive Success

Leadpec's Executive Search services connect you with proven, visionary leaders who bring strategic insight, industry expertise, and the passion to drive innovation and growth.

We deliver tailored, discreet searches designed to align with your long-term vision, ensuring that every executive we identify is the right fit for your organization's goals and culture.

With a commitment to excellence, confidentiality, and a deep understanding of your unique needs, we help you secure the leadership talent that will shape your organization's future. Partner with us to elevate your leadership and drive lasting success.

PERMANENT HIRE

01

Building your organization for the long term

LEAPEC's Permanent Direct Hire services help you attract high-performing professionals with the right expertise and cultural fit. We partner closely with your team to understand your long-term goals and source candidates who align with your technical requirements and company values.

With our global reach and sector-specific expertise in energy, infrastructure, and natural resources, we identify and engage top-tier professionals—from executive leadership to hard-to-find specialists—ensuring a seamless hiring process that strengthens your workforce for sustained success.

01

CONTRACT STAFFING

Think fast. Move smart. Get it right

In a world where demands shift by the hour, having the right people in place — fast — makes all the difference. Our contract staffing solutions are built on three pillars: precision, speed, and understanding.

We respond swiftly to your business needs, connecting you with highly skilled professionals who are ready to perform from day one. But we don't stop at placement. We stay engaged every step of the way — managing and supporting each contractor to ensure they remain focused, motivated, and productive throughout their assignment.

With us, you gain more than access to talent. You gain a partner who understands your goals, acts with urgency, and delivers with excellence — every time.

01

SHORT TERM STAFFING

Shutdown, and Turnaround Maintenance

Operational windows are tight. Maintenance cycles are critical. Every hour counts. Our recruitment team delivers qualified personnel for shutdown and turnaround maintenance with the speed and precision these environments demand.

We supply technicians, engineers, supervisors, planners, and safety specialists with proven experience in high-risk, time-bound maintenance work. Our candidates are vetted for competency, certifications, and hands-on expertise with plant equipment, mechanical systems, electrical networks, rotating machinery, and process units.

From pre-shutdown planning to execution and post-start-up support, we provide short-term staffing that aligns with strict safety protocols, job method statements, and maintenance KPIs. Our talent pool is trained to work within confined spaces, hazardous zones, scheduled outages, and rapid repair or replacement cycles.

You define the scope and schedule. We deploy a workforce ready to meet shutdown targets, minimize downtime, and keep your operations running at peak reliability. If your plant needs fast, competent manpower for turnaround, shutdown, or short-term maintenance, we are the partner built for critical timelines.

ADVANTAGES OF LEADPEC

- **Always deliver the best solutions** - Expert teams, specialized in specific disciplines with international working knowledge and experiences who can quickly identify candidates with specialist technical capabilities

- Steel and Composite Bridge Systems
- Cable Stayed and Suspension Technologies
- Arch and Truss Solutions

UTILITIES

- Water & Sewer Network Installation
- Electrical & Telecom Infrastructure
- District Cooling, Gas, & Industrial Utilities

**Stronger bridges start with stronger talent.
LEADPEC delivers both**

FACILITIES MANAGEMENT

*Optimizing Spaces. Empowering People.
Elevating Performance*

In today's competitive business landscape, the efficiency, safety, and functionality of your workplace can define your success. From managing complex infrastructures to ensuring seamless day-to-day operations, Facilities Management is the backbone of any thriving organization. The right talent can optimize energy usage, enhance workplace safety, streamline processes, and create environments where teams can perform at their best.

We understand that Facilities Management requires a unique blend of technical proficiency, operational insight, and leadership capability. Our recruitment team meticulously identifies and screens candidates with proven experience in:

HARD FM SERVICES

- Civil & Building
- MEP Services
- Fire and Security Systems
- Building Automation System
- Building Management System
- IT Services – CMMS & CAFM

SOFT FM SERVICES

- Cleaning Services
- Ground Maintenance & Landscaping
- Security & Guarding Services
- Food Services
- Pest Control
- Waste Management

Your Facilities. Our Talent. Exceptional Results

OPERATION AND MAINTENANCE

Maintenance That Powers Success

Industrial operations demand precision, discipline, and professionals capable of sustaining critical systems. When equipment is essential and downtime is costly, only technically proficient, experienced personnel can protect production and ensure operational continuity under pressure.

LEADPEC delivers certified, job-ready specialists across oil & gas, petrochemical, power generation, manufacturing, and heavy industries. Our recruitment solutions provide technical experts who understand complex assets, high-risk environments, and the expectation of zero-fault execution. By strengthening your plant, stabilizing equipment, and enhancing operational efficiency, we ensure your maintenance workforce becomes a strategic advantage.

Maintenance is the backbone of every industrial facility. With the right talent, you improve uptime, mitigate failures, and operate with confidence—turning workforce excellence into reliable performance and sustainable results.

Let us deliver the workforce that keeps your industry moving.

HOSPITALITY AND CATERING

Talent That Serves Excellence

We connect world-class hospitality and catering professionals with hotels, resorts, restaurants, cruise liners, private estates, and event operators across every continent. Our specialist consultants understand global service standards, culinary trends, and operational targets, enabling us to match skilled talent with organizations that value precision, professionalism, and authentic guest experiences.

From front-of-house and back-of-house staff to executive chefs, food and beverage managers, and large-scale catering teams, every candidate is vetted for technical expertise, service quality, experience, and cultural adaptability. Leveraging data and market insights—including regional demand, salary trends, and international mobility—we deliver permanent, temporary, and project-based recruitment solutions with speed and reliability.

Clients trust us for our industry knowledge, global reach, and commitment to quality. We help build high-performing teams that elevate service standards, enhance guest satisfaction, and drive operational excellence across every level of hospitality and catering.

Your Guests Deserve the Best. So Do You

FABRICATION & TECHNICAL SERVICES

Strong Structures, Skilled Hands

LEADPEC delivers specialized recruitment solutions for fabrication and welding services critical to oil & gas, power generation, and heavy industrial projects. We provide certified, skilled professionals—including welders, fabricators, fitters, and supervisors—who possess technical expertise in high-pressure piping, structural steel, pressure vessels, and industrial frameworks.

Our candidates are trained and experienced in industry standards, codes, and certifications such as ASME, AWS, API, ISO, and local regulatory requirements. They bring the precision, safety awareness, and operational discipline required to execute high-value projects efficiently and without compromise.

From onshore and offshore O&G facilities to large-scale power plants and industrial infrastructures, we supply manpower capable of supporting complex fabrication and welding operations, minimizing downtime, and ensuring project integrity. With LEADPEC, clients gain access to professionals who combine technical mastery with reliability, contributing directly to project success and operational excellence.

Talent That Shapes Industry

HEALTHCARE & PHARMACEUTICAL

Talent That Heals. Teams That Deliver

We are a specialist healthcare and pharmaceutical recruitment partner, dedicated to building high-performing clinical, scientific, and operational teams. Our consultants bring expertise from medical, regulatory, and life sciences sectors, giving us deep insight into the skills, compliance standards, and performance expectations required across hospitals, research institutions, and pharmaceutical operations.

Our services cover clinical hiring, pharmaceutical and biotech talent acquisition, executive search, and both permanent and contract staffing. We recruit across medicine, nursing, clinical research, regulatory affairs, quality assurance, pharmacovigilance, manufacturing, market access, and leadership roles. Every search follows a structured, evidence-based process, combining competency frameworks, validated interview models, and rigorous credential verification to ensure compliance and precision.

Through market analysis, skills mapping, and regulatory insight, we identify and deliver candidates who not only meet technical and clinical requirements but also align with organizational culture and mission. Trusted for speed, accuracy, and regulatory integrity, our global recruitment solutions strengthen healthcare and pharmaceutical teams, supporting safe, effective, and innovative outcomes.

Empowering Healthcare. Delivering Talent.

HEAVY & CONSTRUCTION EQUIPMENT

Operators That Move Projects Forward

LEADPEC specializes in providing skilled manpower for the heavy and construction equipment sector, supporting projects that demand precision, reliability, and technical expertise. We recruit certified operators, technicians, supervisors, and engineers trained to handle a wide range of machinery, including Tower Crane, Mobile Crane Operators, Excavator Operators, Loader Operators, Bulldozer Operators, Forklift Operators, Backhoe Operators, Grader Operators, and Paver Operators, ensuring safety, efficiency, and uninterrupted on-site operations.

Our recruitment solutions cover permanent, contract, and project-based staffing for large-scale infrastructure, mining, oil & gas, and construction projects. Every candidate is vetted through rigorous competency assessments, license verification, and safety compliance checks, guaranteeing readiness to meet operational and regulatory standards.

By combining industry knowledge, technical insight, and a global talent network, we deliver manpower solutions that strengthen project execution, enhance productivity, and minimize downtime. With LEADPEC, clients gain access to professionals who drive results, uphold safety, and elevate operational excellence across every heavy equipment deployment, moreover GCC experienced operators / drivers.

Power in Motion. Precision in Action

Our recruitment process

We have the most reliable recruitment process. It is structured in a way to ensure that the most efficient workforce is supplied to our clients.

Job Acquisitions

Customize job description to capture all of the information related to the business unit, job type and specific skills required to perform the role. The design template will then be forwarded to the client for approval to proceed further with sourcing / talentpooling.

Talent Pooling

Create search engine for a quick search across our database to identify qualified candidates especially available for immediate deployment, similar exposure background from database and sent instant communications by phone, emails / sms / whatsapp messages to talents.

Candidate Attraction

Post requirements directly onto the **LEADPEC** website, Job portals, Social networks and advertisements to apply to explore a good pool of talent candidates. The system will send intelligent job alerts automatically with screening questions in line with job requisition by the client.

Candidate Assessment

Customize job description to capture all of the information related to the business unit, job type and specific skills required to perform the role. The design template will then be forwarded to the client for approval to proceed further with sourcing / talentpooling.

Onboarding Process

Collect documents including compliance checks prior to offering acceptance and a dedicated administrative team to facilitate the attestation, medical, visa stamping, immigration clearance for timely deployment.

Training

A holistic approach by **LEADPEC** to give job orientation to technical crew. In-house facilities to mould the selected candidate to acquaint with the new working system and culture. This helps the client to optimize training period and for an early return from the newly recruited talent.
